

I: General View:

Project Title: Teaching English as a Foreign Language in Palestinian HEIs: An e-Learning Initiative that Bridges Educational and Socio-Political Gaps “TEFL-ePAL”. (2018-2022)

Project No.: 598405

TEFL-ePAL is a three-year-project. Its management process plan consolidates several activities and rely on multiple resources with the aim to implement initiatives that develop learners’ linguistic capacity, skills, and English language excellence, aiming to bridge the educational and socio-political gaps, enhance modernization, internationalization, sustainable and lifelong learning.

“TEFL-ePal” aims to develop flexible curricula, with face-to-face and online courses to be accessible to all learners, with no restrictions, reaching all learners including those with special needs and conditions, learners at work & women with restrictions. It aims to implement initiatives that develop learners’ linguistic capacity, skills, and English language excellence, enhance modernization, internationalization and lifelong learning without ignoring the culture.

Innovative Character of the Project:

The project aims to bring about major improvements in the design of flexible curricula, innovation in teaching approaches, digital educational resources, infrastructure, teacher development, and professional development, coordination to promote English T/L, increase linguistic capacity, access to knowledge, and develop skills of lifelong learning in HEIs. The project helps to initiate well organized TEFL learning objects which are accessible to all, without

border restrictions, as well as TEFL team and language centers to enhance ICT integration, blended learning & research studies.
